

Summary for children and young people

Name: West Kirby Residential School

URN: SC018958

Date of inspection: 12 Nov 2019

This is me. My name is Denise.

I am writing to you after I visited you where you stay at Greasby Road.

Thank you for talking to me. I was happy to sit with you at tea-time and hear you talk about the good things that happen at Greasby Road.

I like your bedrooms and the way you can choose how they look. Thank you for showing them to me.

You all told me that staff at Greasby Road make you happy and that you like all the staff. You all feel safe and comfortable in Greasby Road. You get to take part in activities that you like. It was great to hear these things. They made me smile.

You also told me of the things that you have learned while staying at school. You have all done some great things that will help you to enjoy life more.

Staff do a great job looking after you. I would like the managers to spend a bit more time helping staff to write down more clearly your targets and activity plans. Then they can help you even more to learn about the things that make you happy.

Your families say that they like the help that you get at school because it is good help. I agree with them.

With best wishes,
From Denise
